Why take the DE Safety Council's Basic Defensive Driving Course?

The majority of roadway accidents are caused by driver error. Understanding the concept of "defensive driving" can help to reduce the likelihood of you being involved in an accident. Our defensive driving course will provide you with techniques to help prevent and avoid accidents, information on new laws and regulations and more.

BASIC classes are for anyone who has not previously taken a Defensive Driving course or has not taken Defensive Driving within three (3) years. Upon completion receive:

- ✓ A 10% reduction on the liability & personal injury portion of your automobile insurance policy for a 3 year period.**
- ✓ A 3 point **credit** added to all Delaware licensed drivers' motor vehicle records. (**removes** points from your license!!)

*****Please contact your insurance agent for specific questions regarding discounts, which drivers in the family need to take the course, or how long it's been since it was last taken.***
