Mr. Menjivar’s Summer Work for incoming 6th Grade 2019-2020

This summer we will be reading “Seedfolk” by Paul Fleischman

Pay special attention to the locations and experiences of each character.

Have fun with the book and see if you can relate or understand any of the experiences that are shared about each character. Ask yourself if you would be able to do something for your community or neighborhood as meaningful as what the characters did in the book?

A lot of the work we do in the first marking period will be focused on the themes of this novel. Please be ready to ask a lot of questions and be a part of our classroom discussions when we see each other in the Fall.

I hope it is a fun read for you!

Mr. Menjivar
